

OFF GRID SOLAR POWER GENERATION SYSTEM

- ☀️ **Generate power without dependence on Grid**
- ☀️ **Operate Loads with Pure Sine Wave Technology**
- ☀️ **Use Grid/DG/Other Renewable for Load Balance**
- ☀️ **Use Continuous Loads when Grid Fails**
- ☀️ **Advanced Lithium Ferro Phosphate Storage**
- ☀️ **200% Cycles,160% Storage Capacity and 500% of Load Discharge Support Than Acid Battery**
- ☀️ **Faster Charge than Acid Battery**
- ☀️ **Less Maintenance; No Distil Water Re-filling**
- ☀️ **Run High Capacity Loads**
- ☀️ **25 Years Linear Power output Warranty for Solar Panel, 2 Years Warranty for Inverter and 3 Years Warranty for Battery**
- ☀️ **Suitable for Home, Small Offices, Medium Size Commercial Establishments, Areas where Frequent Power Cuts/No Grid Availability**
